

RoHS Statement of Compliance

	Requested Part	
06 December 2007	1-6609107-7 (PS0S0SS60) PS0S0SS60=C1044	(Part 1 of 1)
Status:	Active	
EU RoHS/ELV Code:	Always EU RoHS/ELV Compliant	
Solder Process Capability Code:	Not applicable for solder process capability	
China RoHS:	 No Restricted Materials Above Threshold	
Exemptions:	No RoHS Substance Over Threshold	

David R. Bender
Director – RoHS Program Mgmt.

The part numbers that Tyco Electronics has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hex chrome, mercury, PBB, PBDE, and 0.01% for cadmium, or qualify for an exemption to above limits as defined in the Annex of the EU RoHS Directive. Note that any exemptions taken in this case would not include application specific exemptions (e.g. lead in solder for servers) as Tyco Electronics cannot determine where component products will be used.

Additionally, the part numbers that are identified as 5 of 6 compliant meet the material limits described above, except that these products have lead in the solderable interface only. These products may be suitable for use in an application that has an exemption for the use of lead in solder (e.g. servers, network infrastructure, etc).
